

Gripping power performance data

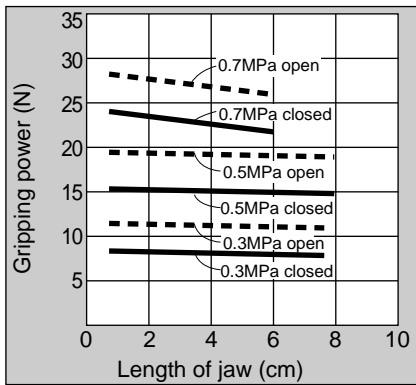

Gripping power that functions to open and closed directions with jaw length ℓ of hand at supply pressure 0.3, 0.5 and 0.7 MPa is shown.

- Open direction (◁) - - - - (shown with broken line)
- Closed direction (▶) ——— (shown with continuous line)

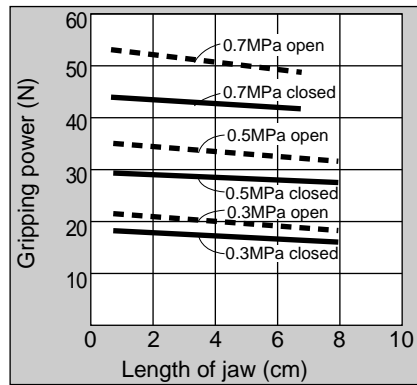

(Note) Grip performance data indicates the grip for one jaw.
Since two jaws are used, double the grip in the graph when making a selection.
