

QR (QUICK-RELEASE VALVE)

- ▶ For vacuum pump P3010.
- ▶ Quick release by accumulating and utilising the feed-air pressure as a boost.
- ▶ ON/OFF activated simultaneously with the P3010
- ▶ Three sizes for optimising release volume with system volume.

TECHNICAL DATA

Description	Unit	Value
Feed pressure, max.	MPa	0.7
Material		Al, SS, PPS, NBR, PA
Temperature range	°C	-10–50
Volume, Quick-Release	cm ³	3

For dimensions, please go to data sheet for vacuum pump P3010.

ORDERING INFORMATION

Description
Available in product configuration, please go to data sheet for vacuum pump P3010.
